

SAPPHIRE

TASK SEATING

Sapphire. An all-around seating choice for all office settings—small, medium or large. The **Sapphire Task Chair** offers a pneumatic gas lift for easy seat height adjustment. Sapphire's contoured seat and back provide necessary ergonomic comfort. Available in four standard colors: black, sand, warm grey and blue grey.

The **Sapphire Task Chair** is available in five different functional levels:

- **Level One**—swivel seat, with seat height adjustment.
- **Level Two**—swivel seat, seat height adjustment and back depth adjustment.
- **Level Three**—swivel seat, seat height adjustment, back angle articulation adjustment and back height adjustment.
- **Level Four**—swivel seat, seat height adjustment, independent seat and back angle articulation adjustment and back height adjustment.

- **Level Five**—seven position lock or free float adjustment. There is an anti-backslap feature that is built in the chair. If the chair is locked in a backward position and the lever is set to the free float position, the back will not release until pressure is put on the back of the chair. Also features seat height, back depth, back height, and tension control adjustments.

The **Sapphire Task Chair** offers the following arm options:

- **Fixed Cantilevered Arms** with poly or contoured padded urethane arm pads.
- **Fully Adjustable Arms**, adjust vertically & horizontally with poly or contoured padded urethane arm pads.

Our durable five star base, equipped with 50mm dual casters wheels.

The **Sapphire Stool** is the perfect answer for some workers. An adjustable chrome ring allows the worker to comfortably rest his/her feet while seated.

Fully adjustable arms (left), which can be adjusted horizontally or vertically, or Fixed Cantilever arms (right), is another option to enhance the user's comfort.

Fully adjustable arms can be specified to adjust vertically and horizontally to accommodate each user's needs.

Enjoy the cushioned support of the urethane arm pad (left), or the classic look of the poly arm pad (right).

Back height adjustment is available on Levels 3, 4, and 5.

Seat height adjustment is available on all 5 levels of the **Sapphire Task Chair**. It allows the user the option of adjusting the seat height for maximum comfort.

Synchronous 7 Position Lock or Free Float Control available on Level 5, provides seat angle movement of +2 degrees forward and 8 degrees backward (total of 10 degrees). Back angle moves from +14 to 0 degrees (total of 23 degrees).
